

# SlimBalance

## RC550B LED20S 840 L60 PSU SD GM

Wide beam - Opal - 120° -

SlimBalance is a full range of product family with sleek and elegant design helps to create attractive and differentiated space for customers. The family covers different length (600mm, 1200mm, 1500mm), different end cap (round, square) and different light distribution (direct, indirect). Its office compliant version delivers comfortable light with good quality.

### Warnings and Safety

- The product is IPXO & as such is not protected against water ingress & as such we strongly recommend that the environment in which the luminaire is to be installed is suitably checked
- If the above advice is not taken and the luminaires are subject to water ingress, Philips / Signify cannot guarantee safe failure & product warranty will become void

#### **Product data**

| General information           |                    | Glow-wire test                           | Temperature 650 °C, duration 30 s |
|-------------------------------|--------------------|--|-----------------------------------|
| Beam angle of light source    | - °                | Flammability mark                        | -                                 |
| Light source color            | 840 neutral white  | CE mark                                  | CE mark                           |
| Light source replaceable      | No                 | ENEC mark                                | -                                 |
| Number of gear units          | 1 unit             | Warranty period                          | 3 years                           |
| Driver/power unit/transformer | -                  | Constant light output                    | No                                |
| Driver included               | Yes                | Number of products on MCB of 16 A type B | 33                                |
| Optic type                    | Wide beam          | EU RoHS compliant                        | Yes                               |
| Optical cover/lens type       | Opal               | Light source engine type                 | LED                               |
| Luminaire light beam spread   | 120°               |  |                                   |
| Control interface             | -                  | Operating and electrical                 |                                   |
| Connection                    | Flying leads/wires | Input Voltage                            | 220/240 V                         |
| Cable                         | -                  | Input Frequency                          | 50 to 60 Hz                       |
| Protection class IEC          | Safety class I     | Inrush current                           | 14 A                              |
