# **PHILIPS** Lighting

# GreenPerform Waterproof G3

# WT198C LED60S/840 PSU L1500

Power supply unit - 114° -

GreenPerform Waterproof G3 is a superb choice for hard-working applications. Not only does it provide excellent optical performance, it also delivers substantial energy saving. And because it works seamlessly with IoT software like Interact, it also offers the option of customization, convenience, and data-driven insights.

#### **Product data**

| General information           |                                   |
|-------------------------------|-----------------------------------|
| Beam angle of light source    | 120 °                             |
| Light source color            | 840 neutral white                 |
| Light source replaceable      | No                                |
| Number of gear units          | 1 unit                            |
| Driver/power unit/transformer | Power supply unit                 |
| Driver included               | Yes                               |
| Optic type                    | -                                 |
| Optical cover/lens type       | -                                 |
| Luminaire light beam spread   | 114°                              |
| Control interface             | -                                 |
| Connection                    | -                                 |
| Cable                         | -                                 |
| Protection class IEC          | Safety class I                    |
| Glow-wire test                | Temperature 850 °C, duration 30 s |
| Flammability mark             | -                                 |
| CE mark                       | CE mark                           |
| ENEC mark                     | -                                 |
|                               |                                   |

| Warranty period                             | 3 years + 2 years upon registration |  |
|---------------------------------------------|-------------------------------------|--|
| Constant light output                       | No                                  |  |
| Number of products on MCB of 16 A type B 24 |                                     |  |
| EU RoHS compliant                           | No                                  |  |
| Light source engine type                    | LED                                 |  |
|                                             |                                     |  |
| Operating and electrical                    |                                     |  |
| Input Voltage                               | 220 to 240 V                        |  |
| Input Frequency                             | 50 or 60 Hz                         |  |
| Initial CLO power consumption               | - W                                 |  |
| Average CLO power consumption               | - W                                 |  |
| Inrush current                              | 5.56 A                              |  |
| Inrush time                                 | 47 ms                               |  |
| Power Factor (Min)                          | 0.9                                 |  |
|                                             |                                     |  |
| Controls and dimming                        |                                     |  |
| Dimmable                                    | No                                  |  |

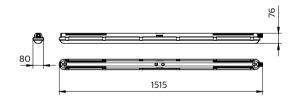

## **GreenPerform Waterproof G3**

| Mechanical and housing              |                                         |
|-------------------------------------|-----------------------------------------|
| Housing Material                    | Polycarbonate                           |
| Reflector material                  | Steel                                   |
| Optic material                      | Polycarbonate                           |
| Optical cover/lens material         | Polycarbonate                           |
| Fixation material                   | Stainless steel                         |
| Optical cover/lens finish           | Opal                                    |
| Overall length                      | 1515 mm                                 |
| Overall width                       | 80 mm                                   |
| Overall height                      | 85 mm                                   |
| Overall diameter                    | 80 mm                                   |
| Color                               | Gray                                    |
|                                     |                                         |
| Approval and application            |                                         |
| Ingress protection code             | IP65 [ Dust penetration-protected, jet- |
|                                     | proof]                                  |
| Mech. impact protection code        | IK08 [ 5 J vandal-protected]            |
|                                     |                                         |
| Initial performance (IEC compliant) |                                         |
| Initial luminous flux (system flux) | 6000 lm                                 |
| Luminous flux tolerance             | +/-10%                                  |
| Initial LED luminaire efficacy      | 140 lm/W                                |
| Init. Corr. Color Temperature       | 4000 K                                  |
|                                     |                                         |
| Init. Color Rendering Index         | >80                                     |

| Initial input power                   | 42.7 W                      |  |
|---------------------------------------|-----------------------------|--|
| Power consumption tolerance           | +/-10%                      |  |
|                                       |                             |  |
| Over time performance (IEC compliant) |                             |  |
| Median useful life L70B50             | 50000 h                     |  |
| Median useful life L80B50             | 42000 h                     |  |
| Median useful life L90B50             | 20000 h                     |  |
|                                       |                             |  |
