SOLAR POWER KIT

## SOLAR PANEL POWER PACK FOR LED LIGHTING

Model: SPP-LED

SPECIFICATION:

Solar panel	: High Efficiency Monocrystalline Silicon
Solar charging time	: 6 hours by bright sunlight
for LED light	: 5W, 10W, 20W, 40W, 60W, 80W, 100W, 120W…
Voltage out	: 12, 24, 36 V DC
Controller	: MPPT (Maximum Power Point Tracker)
Rated duration	: 1, 2, 3... nights after full charging (Depend on watt of lamp)
Work temperature	: -25°C to +65°C
Fitting Construction	: Aluminum alloy + Steel
Switch mode	: Auto or On / Off / PIR Adjustable (Optional)
Battery type	: LifePO4
Remote control	: Multifunction (Optional)
Sensor	: PIR & Microwave (Optional)
Compliance	: MS 983, IEC598-2-22

Benefits:

High durability

No replace bulb

Easy Installation

Maintenance Free

Power saving 100%

IP65

for 5-40W LED lamp

for 60W LED lamp

for 80W LED lamp

for 100W LED lamp

for 120W LED lamp
